## TOP REASONS FOR PURCHASE

Travelers most often worry about...

### CANCELLATION

If forced to cancel their trip, travelers want reimbursement for their pre-paid, non-refundable costs.

### MEDICAL COVERAGE

Especially when going abroad, travelers become concerned about potential medical expenses.

### PERSONAL BELONGINGS

Many travelers have concerns about loss or theft of their baggage and important items, like a passport.

## THINGS TO KEEP IN MIND

### Health insurance

Your ordinary insurance plans may not offer coverage abroad, or they may have lower limits.

### Medicare

Medicare simply doesn't offer medical coverage outside of the U.S.

### Credit card

Credit cards usually have some travel coverage built in, but don't have many of the benefits of a third party travel protection plan.

### Cruise line

Cruise lines may offer their own protection plans, but it is minimal coverage and may not help protect you from more serious circumstances.

A third party travel protection plan offers more extensive coverage.

## "WHAT IF" SCENARIOS TO CONSIDER

Would you be able to handle these situations without the help of travel protection?

### What if...

you are involved in a car crash?

you injure yourself before or during the trip?

you lose your baggage during the trip?

your flight is delayed for several hours and you need to get a hotel for the night?

you have to cancel your cruise, or are delayed and miss your connection?

someone in your immediate family who isn't traveling gets sick, injured, or passes away?

you miss your cruise due to a delayed flight & have to pay fees to fly to the next port of call?

a natural disaster impacts your travel plans?

## DO YOU HAVE...

**\$5,000** — to pay for medical expenses if you have an accidental injury on your trip?

**\$10,000** — to pay for medical evacuation from a foreign country?
